WORK EXPERIENCE

CodSoft

Web Developer Intern

Dec 2024 - Present

PORTFOLIO

Cryptocurrency Market Tracker [↗](#)

Leveraged backend technologies like Express.js, Node.js, RestAPIs to develop a dynamic website that displays the top 10 cryptocurrency rankings and details. Demonstrated expertise in API integration, responsive design, and front-end development for data-driven web applications. Deployed the project online using Render for accessibility.

Simon Game: Interactive Memory Challenge [↗](#)

Built a browser-based memory game using the jQuery library in JavaScript that tests players' ability to recall sequences of colors and sounds. Leveraged the use of event listeners to respond to button and keyboard clicks, playing respective sounds to show if the game is in progress, or if it has ended.

Dice Game Web Application [↗](#)

Designed and developed an interactive two-player dice game using HTML, CSS, and JavaScript. Implemented DOM manipulation and random number generation to simulate dice rolls and determine dynamic game outcomes (win, lose, or draw).

Move It: Moving Services Website [↗](#)

Utilized the Bootstrap framework to develop a responsive and professional moving service website. Implemented a clean layout to improve user engagement and accessibility across devices.

SKILLS

- Frontend: HTML, CSS, Bootstrap, JavaScript, jQuery
- Backend: Node.js, Express.js, REST APIs
- Databases/Tools: PostgreSQL, MySQL, Git

EDUCATION

Methodist Degree College

Bachelor of Commerce in Computer Applications - 8.12/10

2021 - 2024

CERTIFICATIONS

The Complete 2024 Web Development Bootcamp [↗](#)
